World Cup Trading Champion
Chuck Hughes
The Visionary Behind the
Wealth Creation Alliance

Chuck Hughes began his career as a full-time commercial pilot, which gave him 15 to 17 days off each month. As much as he enjoyed running and tennis, they certainly couldn’t fill all his time. So, he got interested in the stock market; and opened his first trading account in 1984.

Success came quickly to Hughes. Trading real money, he finished 10th in the 1985 United States Trading Championship and 3rd in the 1986 competition, with a whopping 260% return!

With the world looking on, Chuck Hughes has become a leading authority in high-profit, risk-controlled investing.

- Using real money, in a live account, Chuck has taken first-place six times, so far, in World Cup Championship Trading®—more times than anyone else in World Cup history!
- Hughes’ Advisory service has earned investors double and triple digit returns in 10-out-of-10 years
- His high-priced seminars, to sold-out crowds, reportedly pay for themselves almost immediately
- Books and home study courses authored by Chuck Hughes, such as The Guaranteed Real Income Program (G.R.I.P), The Fail Safe Financial Program, and The Ultimate Investing Course have become the “trading bible” to thousands of risk-adverse option traders seeking high returns.
- And, with a bold stroke of genius, he created a revolutionary mastermind approach to immediate and absolute trading success… the Wealth Creation Alliance

Chuck Hughes Has Made Extraordinary Profits Under Every Market Condition Boom, Bust, or Brutal Sideways Chop

“I’ve accumulated more than a million dollars of profit over the past twelve months.”

Dan J, NJ

If you’d like to make a MILLION DOLLARS in the next twelve months, a winning strategy is definitely important. But, there’s something else that may be even more important... Do you know what it is?

The Answer Below May Surprise You

Dear Friend,

I don’t want to sound boastful, but it’s important for you to know that the trading strategies you’ll read about in the next few pages have been incredibly profitable every single year.

During the 2000-2002 “tech wreck”, when the S & P plummeted from 1500 to 800, I made $1,244,575.20.

In 2002-2003, when erratic price swings had most investors sitting on the sidelines, and others being whipsawed out of their last dollar, I made $635,451.25.

And in 2008, during the worst financial crisis since the great depression, I made $473,311.04!

When you make double and triple-digit returns every year, without fail, you can create a tremendous amount of wealth in a fairly short time. And that’s what this invitation is all about.

My name is Chuck Hughes, and my winning strategies for stocks and options have made me a millionaire many times over-- and they’ve given me a very rewarding life.

I have won the prestigious World Cup Championship Trading® competition more times than any other trader in history.

I recently made a staggering $1,023,175 in just 26 days, (broker statements on page xx).

And most gratifying of all, men and women who have followed my trade recommendations have written to tell me about their life-changing profits…

- 74-year-old engineer made $93,999 in 7 months
- My neighbor, Frank, earned $285,480 in one day
- Daniel J. made over $1,000,000 last year and is now interviewing possible replacements for his “real job”
- A New Jersey real estate broker has made $203,944 in just six months.
- A retired banker is averaging $60,130 profit per month.

All these true-live Cinderella stories, where everyday people become fabulously wealthy overnight, make me want to “spread the wealth” even further-- and in a more self-perpetuating way.

But how?

Then one day, it came to me… the big Ahaa!

It’s not often that a man my age gets giddy with excitement. But I’m giddy now.

And, if you’ve ever dreamed of having more money than you can possibly spend, you’ll be giddy too when you hear what’s in store for you!

Debunking the Biggest Myths About What It Takes To Be Wildly Successful

Even with a winning strategy, a burning desire, and the best of intentions, most folks fall short of their financial goals. Why?

Because very few people have what seems to be the MOST essential secret to success.

Napoleon Hill, legendary author of “Think and Grow Rich”, interviewed 500 of the most successful people in the world, searching for a common formula for success. And what do you think he found?

Would you guess: Think smart… Work hard… Be persistent… Set goals?

Wrong!!! While platitudes of hard work and perseverance are certainly important, they do not guarantee success… as you may know from personal experience.

What then, do you suppose, is the one universal key to success that was mentioned by every super-successful individual Hill interviewed?

The Universal Secret to Success Shared by Mega-Rich Men & Women The World Over

As it turns out, the universal secret to success… proclaimed by mega-rich men and women the world over… is to surround yourself with other people focused on the same objective.

Hill called it the “mastermind principal”. I call it the Wealth Creation Alliance.

My trading buddies, like Ryan Christopher and John Weston, consider me their mentor. Yet, truth be told… I’ve gained just as much from them.

Being surrounded by dedicated traders seems to create a special mastermind power. And I believe that mastermind power is one of the reasons why I’ve been so successful.

According to 500 of the most successful people in the world, the secret to success is simply to surround yourself with other people concentrating on the same objective.

I have a single-minded group of guys I trade with. And we’ve all enjoyed tremendous success.

But, what about you?

If you’re like most traders, your friends and family are on a completely different wave length when it comes to making money. As a result, you’ve been struggling in a wealth-seeking vacuum.

Up until now, you’ve been denied your full potential for success. But that’s about to change… the minute you join the Wealth Creation Alliance.

Mom Was Right… You Are As Good As The Company You Keep

Let me introduce you to four members of the Wealth Creation Alliance.

Imagine yourself united with fellow traders like these, seeking 80% winning trades… $30,000 profit in a single day… a solid 5-figure monthly income, regardless of market conditions…

Computer programmer, Steve F.
“Overall I’m probably getting 75%-80% winners, with a risk/reward of at least 3-to-1. It’s very good.” Interview on page 7.

Retired optometrist, Dr. Jack
“I made nearly $30,000 profit in just one day… it can be very exciting.” Interview on page 10.

Affiliate internet marketing specialist, Eric G.
“My net gain was $12,000 for March, and in April I made another $10,000. In a very volatile, and for the most part down market, that was just great.” Interview on page 13.

Retired aerospace executive, Don T.
“I trade from 7:30 to 9:00 every morning. Then I spend the rest of the day doing whatever I like… It’s a good life!” Interview on page 16.

And picture me as your coach.
Great coaches empower you to win through inspiration, motivation, and knowledge. So let me tell you about my trading…

- Advisory service has been extraordinarily profitable in 10-out-of-10 years
- 6-time winner of the World Cup Trading Championship (I’ve been one of the top 3 in four out of the last five years)
- $3,308,141 in real-money profits earned in just 3 years
- 229% actual return in 2007
- Profits totaling $473,311.04 for 2008.
If you find my results inspiring, motivating, and proof that I know how to make tons of money…

If you want results like those above for yourself and your family…

If you’re ready to do what it takes to make up for lost time and reach your financial goals fast… the Wealth Creation Alliance is for you.

The Wealth Creation Alliance is the pinnacle of my life’s work. You MUST Succeed!

The Wealth Creation Alliance is a visionary program unlike anything you’ve ever seen before. It is the pinnacle of my life’s work. And for me to succeed, YOU must succeed.

So, I’ve gone to extraordinary lengths to help ensure that you enjoy the thrill of success along with other WCA members.

“Your strategies were high return and small risk. My life allows me very little risk tolerance. To my amazement I only had $15,804 in total losses compared to the $1,646,616 in total profits. If you do the math, that equates to more than 100 dollars of profit for each 1 dollar of loss.”

–Daniel J., Florida

Even if you have little or no trading experience, the synergistic nature of the Wealth Creation Alliance can make you an instant winner.

“All thirteen of the option trades are winners…I currently have a $35,225 profit and an average return of 127% over the past 5 weeks. Not bad for a beginner!”

–Anne, NJ

Please take your time, and read the next few pages carefully.

And, as you do, imagine the sense of power you’ll feel when you put each unique advantage to work for you.

Think how much fun you’ll have, and how much confidence you’ll gain, swapping stories with successful traders who are making tons of money.

And picture the carefree lifestyle you’ll enjoy when your financial future is finally under control.

By the time you’ve finished reading, I’m sure you’ll agree… the Wealth Creation Alliance is the opportunity of a lifetime. And you’d be a fool to pass it up!

Now sit back. Put your feet up. And prepare to be amazed.

WCA Benefit #1
The Winningest Strategies In History

Don, Eric, Jack and Steve talk about earning incredible profits from G.R.I.P, Fail Safe, and MVP strategies. And you wonder… what the heck are they talking about?

Simply put, GRIP, Fail Safe, and MVP are trading programs comprised of the winningest strategies in trading history.

They are unique strategies that empowered
Mild-mannered Steve F., computer programmer and church youth-group leader, doesn’t think of himself as a thrill-seeker—in spite of his passion for flying and skydiving, and once being lost at sea in a 19’ boat—and one area this member of Chuck’s Wealth Creation Alliance certainly doesn’t want excitement is in his trading.

“I started trading back in 1999. I took a trading course but the rules were so confusing I never really knew what to do.”

“I’d think… This looks right so I’d place a trade, but then it would start going against me and I’d get out. And it would end up turning around and going my way.”

“Or maybe I’d stay in a losing trade too long. Until I’d decide, you know this is stupid. Then I’d end up getting out with a bigger loss than I should have.”

“The whole thing was just insane. And I lost money.”

“Then about five years ago I took Chuck’s GRIP course. I read the entire thing, and it made good sense. And I knew it was something I could do.”

“The trades are fairly long-term—generally a few months or more—unless they go against you and then you get out quick.”

“You have your rules of the trade and you just follow them. If it’s time to get out, you get out. And if you should stay in and keep going, then you do that.”

“Overall I’m probably getting 75%-80% winners, with a risk/reward of at least 3-to-1. It’s very good.”

“I remember a Google trade that I had 2 contracts on, and it was mixed in with some others that were all doing really well too. My entire account went up 25%-30% in just a few weeks.”

“One thing I’d like to say is that I really like Chuck. I met him at one of his seminars and he’s a down to earth kind of guy. Not pretentious at all. I email him 3 or 4 times a month and I always get a response right back. I’ve never had a problem with being in contact with Chuck. He is really good about that.”

“I think getting together with Chuck and fellow traders, by invitation, to share stories and ideas would be fun. Sounds like a party—a celebration with people on the same wave length, who have found something that works!”

I think you’ll agree… 75%-80% winners with a risk/reward of 3-to-1 is a phenomenal track record well worth celebrating. This is one party you don’t want to miss. Call now and join Chuck’s Wealth Creation Alliance today… 800-624-5352.

“In just two short months I have made profits of $23,568.36... This is the type of service I have been looking for.”

Subject: My Trading Results

I became a member of your service in August... Today I calculated my trading results since being a member of your service. In just two short months I have made profits of $23,568.36. This is probably not news to you since your record speaks for itself. I think it is safe to say that this market has been, for most people, a very bad market, down better than 35% since I became a member, yet your service has provided me with a very nice profit.

This is the type of service I have been looking for.

Sincerely,

Bob G.
“I made nearly $30,000 profit in just one day!”

Dr. Jack has played the stock market for nearly fifty years. But it wasn’t until after he retired from practice as an optometrist, and met Chuck Hughes, that he discovered the power of options. Oh, what fun he’s having now!

“The idea of getting together to brainstorm, and chat with other traders who follow essentially the same methods sounds great. I visited a trading group where one trader would get up and speak, and then everybody would ask questions. It was very engaging. But the Wealth Creation Alliance sounds much grander. I’d definitely like to be included.”

“I guess you could call trading a hobby for me, because I do enjoy doing it. But it is also a job, because it provides an income source. So it’s a job that I enjoy doing. And it can be very exciting.”

“I remember my very first option trade was DRS Technologies, and it was the most amazing thing. I bought 30 contracts and the next day the stock went up $10. I made nearly $30,000 profit in just one day! And that’s after paying the brokers. They killed me on the broker commissions. I had to take my options to another firm after that.”

“I’ve been involved with Chuck for about 7 months, I guess. And my account is already up 50%.”

“When I’m not trading, I go to the gym or play golf with my wife and some friends. And we do a little traveling. Go visit the grandchildren, or go down to Hilton Head-- we’ve got a place there. But it’s trading that really holds my interest.”

“Every day when I get up the first thing I do is check the DOW, S&P, and Nasdaq. And the last thing I do before I go to bed is check the stock indexes. It’s very absorbing.”

Imagine having your own $30,000-in-a-single-day tale to tell. I think you’ll agree swapping stories of wealth and glory is a grand idea. Don’t miss out. Join the Wealth Creation Alliance today. Call now: 800-624-5352.

Hallelujah! Your Dreams Come True… Just When You Need it Most!

As you can see, the Wealth Creation Alliance is an investor’s dream-come-true.

➢ The amazing WCA benefit 6-pack goes beyond anything ever offered before.
➢ The potential profits are incredible… after all, WCA strategies have recorded substantial earnings every single year!
➢ And, best of all… this WCA invitation is coming to you now, when you need it most.

The U.S. government, along with economic allies around the world, has thrown everything they have at the financial crisis. And still, every big market up-move has been followed by a series of down-moves… much like 1929-1932, when some of the biggest up-days in history occurred.

The wild swings on Wall Street are fueled by tight credit, low consumer confidence, and a serious lack of liquidity. And there’s no telling how long these conditions will persist.

For the sake of our fellow countrymen, we sincerely hope prosperity returns soon.

But, as you can see from the broker statement above and the DOW chart on page 6, as a member
Eric G. is the consummate entrepreneur, with a solid appreciation for “no employees”, “no overhead”, and “flexible work time”. Between his internet business and trading options, this 42-year-old member of Chuck’s Wealth Creation Alliance is truly enjoying “the good life”. Here’s his story.

“In the mid 90’s I daytraded the S&P for five retail clients. I pooled their money and ran it like a commodity pool. But I was a one man operation and had to do everything— all the trading, the reports, the account statements, the tax work. It got to be a bit much. So I quit the pool and just traded for myself.”

“Then, when the market started to fall apart, I needed a different way to look at things. That’s when I heard about Chuck Hughes’ GRIP program.”

“What was really authentic about Chuck was that he’d included actual account statements in all his materials. Obviously, he really is a successful trader. So I bought his book and video. And I’ve followed him ever since.”

“His methods are very simple. They’re easy to execute. And they work. Even a brand new trader should do well if they’re disciplined and adhere to sound money management. Chuck’s strategies aren’t based on some complicated algorithm. They’re based on how the market works.”

“For instance, it’s well documented that around 50% of a stock’s price increase is the result of it being in a leading industry group. So, you should buy stocks in a leading industry. Makes sense, right?”

“I’ve done very well with Chuck’s tactics. I’m running about 70% profitable trades, with a Risk/Reward of 3-to-1 or 4-to-1.”

“This past spring, because of the volatility in the market, I switched to his MVP spread trading strategy. And I wracked up huge profits. My net gain was $12,000 for March, and in April I made another $10,000. In a very volatile, and for the most part down market, that was just great.”

“Aside from trading, I’m an affiliate internet marketer. I identify a niche market where there’s an unfulfilled need, and find somebody with an appropriate product. Then I hook the two up and make some money in between.”

“My internet business and my trading are both fun for me. I enjoy doing them. But the majority of my trading work is done between Nov 1 and Apr 30, as this has been historically the best time for stock market gains. And I enjoy playtime too.”

“I like being outdoors. I play golf and tennis. I enjoy riding my road bicycle. And I do a lot of family activities with my wife and 4-year-old daughter.”

Eight years ago, Chuck taught Eric the secret to amassing vast wealth under any market conditions. And now, whether the economy is good or bad, Eric always has loads of money and plenty of time to enjoy it. Isn’t that what you want for yourself and your family? Then what are you waiting for? Wealth Creation Alliance
Will Seek
$$Millions in the Months Ahead

The Wealth Creation Alliance plans to pull millions of dollars out of the market in the months ahead. And you’re invited to join us.
Think about what this could mean for you and your family.

Imagine yourself, a few short years from now, sitting on a multi-million dollar retirement nest egg, enjoying the lifestyle of your dreams.

What is an opportunity like that worth to you?

You can find loads of books, seminars, and advice on how to make money. But the Wealth Creation Alliance is completely different.

Wealth Creation Alliance is a synergistic endeavor, between like-minded traders.

You’ll follow a time-tested blueprint for building a financial powerhouse.

You’ll be coached on the use of exclusive strategies that hardly anyone else knows about.

And you’ll take full advantage of the mastermind principal—respected as the universal key to success among mega-rich men and women the world over.

Even if we priced your membership at $10,000, the vast wealth WCA members hope to amass in the months ahead—coupled with my $100,000 guarantee detailed on page xx—would make this the deal of a lifetime.

But we’re not charging you $10,000.

Furthermore, each annual reunion—where you’ll be fully immersed in up-to-the-minute, what’s working now, step-by-step strategies and techniques—will be easily worth $5,000 apiece.

Yet we’re not charging you $5,000 either.

You can attend a $5,000 reunion every single year. And you can walk away with the kinds of ideas and strategies that have turned myself and other WCA members into multi-millionaires—and could very well do the same for you... Yet you will pay absolutely nothing for your admission.

So, again I ask: What is an opportunity like that worth to you? Much more than the cost, I’m sure.

If you join today... right now... you won’t pay $10,000, you won’t even pay $5,000.

Say “Yes” today and your total one-time-cost for a lifetime membership is just $2,995.

$2,995 is not just a fair deal... it’s an incredible deal!
And I’ll sweeten my offer even further, if you act fast.

How Would You Like To Bring a Friend Absolutely FREE?

Of course, you’re never alone when you attend a WCA Reunion. The room will be filled with fellow WCA members with whom you have so
“I trade from 7:30 to 9:00 every morning. Then I spend the rest of the day doing whatever I like”

At 53 years old, Don T., vice president of a large aerospace company, left the corporate world and headed deep into the Colorado Rockies. He fished, he hiked, and using Chuck Hughes’ software, he traded for a living. Now that this enthusiastic member of the Wealth Creation Alliance has returned to civilization, let’s hear his story.

“I started trading in 1956, when I was 16. Disneyland was just opening and I thought I should buy the stock. So, my Dad opened an account in my name. I deposited $500 from my paper route and away I went.”

“I was trading heavily in the ’80s, when the Robbins World Trading Championship got started. That was the first time that Chuck Hughes’ name came up. And I began to follow his success.”

“Then in ’93 I became semi-retired and went looking for some good trading software. I remembered Chuck and I purchased an analysis of his software from John Hill, founder of Futures Truth; I trust John’s judgment and his evaluation was very favorable.”

“So I gave Chuck a call. As a commercial pilot, he flew some of the planes I’d been involved with building. We got to talking aviation and I ended up buying his software. And it really did quite well.”

“Then about 5 years ago I bought his Fail-Safe program. And I’ve had very good success with that too.”

“I do maybe 200-250 trades a month. I trade from 7:30 to 9:00 every morning. Then I spend the rest of the day doing whatever I like, such as hiking in the mountains. My wife and I hike at least 5 miles in the woods just about every day, weather permitting. And we like to do some traveling too. It’s a good life.”

“I’m in terrific health, but I’m 68 years old now. And my wife is only ???. She’ll need a solid income long after I’m gone. And, we have four granddaughters we want to put through college too.”

“Chuck is a man I feel I can trust with my family’s financial future. I use his methods now. And when I’m done trading for myself, he’s the one I want to do the trading for me and my family.”

Don T. is a colorful guy with an interesting background and a long history with Chuck Hughes. Don has complete trust in Chuck. He trusts his trading methods and he trusts the man. You’ll understand why when you join Chuck’s Wealth Creation Alliance. Call now 800-624-5352.
much in common that you’ll become immediate friends— if you aren’t already trading-buddies from the members-only forum.

But maybe there’s someone special you’d like to bring. Perhaps you’d like your spouse, friend, or adult child to share the experience with you.

Well, in the true mastermind spirit of surrounding yourself with like-minded folks, if you’re one of the first 50 applicants, you can also bring the guest of your choice for FREE!

Many of the reunion/seminars will be held at a popular vacation destination -- such as the Monterrey Plaza Hotel and Spa in Monterey, California. And, at no charge, you can share the excitement and insight of the actual seminar itself with whomever you choose.

Invite a friend, a relative, or a business associate. You know they’ll be forever grateful.

You might even want to bring a different guest each year. And if your application is one of the first 50 we receive, it will be your privilege to do so.

I wish I could let everyone bring a guest to every WCA reunion, because I believe it will greatly enrich your wealth building environment back at home. But I can’t. There simply isn’t enough room for everyone.

There’s room for only 50 guests. Please, don’t miss out on this extraordinary opportunity to share the most wonderful gift in the world… the gift of knowledge… success… and financial freedom.

Act fast. Call 800-624-5352 NOW.

Why You Should Probably Either Act Now Or Just Forget About it

Now is the moment of truth… Are you serious about wanting to secure your financial future or not?

One of the biggest differences between wealthy millionaires and the struggling masses can be summed up in a single word… ACTION.

So for everyone’s benefit, I don’t want to include procrastinators or people who are uncommitted.

Sorry to be harsh, but the Wealth Creation Alliance is VERY different from anything you’ve seen, or are ever likely to see, as you must now realize.

The Wealth Creation Alliance deserves action-oriented members who can’t wait to join the most powerful mind-melding, profit-generating, synergistic wealth-creating program ever developed.

And, if I’m not mistaken, that describes you!

You have been relentless in your search for innovative ways to boost your investment returns and gain complete financial freedom. And now, for the first time, you hold the elusive missing key:

The secret to wealth-creating success… proclaimed by mega-rich men and women the world over… is for you to join the Wealth Creation Alliance today. So why not call now: 800-624-5352.

Sincerely,

Chuck Hughes

PS. You need the Wealth Creation Alliance now more than ever. Washington is comparing current economic conditions with the great depression. And remember, it wasn’t until 1954 that the market finally returned to its 1929 high… 25 grueling years of record-breaking advances followed by record-breaking declines.

It generally takes more than a decade to recover from any serious bear market. The recession of the ’70s lasted 18 years… with the DOW at the exact same level in 1982 as it was in 1964. So, logically speaking, how long do you think it will be before this roller coaster stops?

This is no time for you to go it alone.

I earned $473,311 in 2008 and I expect to do at least as well in 2009. Regardless, if WCA strategies don’t produce at least $100,000 in profits next year, I’ll refund every penny you paid to join, (as detailed on page 15).

So join today. And together we’ll work to get you back on track, recover your losses, and steadily grow your nest egg bigger and bigger, no matter what happens to the economy.
